Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Moral Culture of Infancy, and Kindergarten Guide: With Music for the Plays Since publishing the first edition of what I meant to be a Guide to those who undertake to give Kindergarten culture, I have been in Europe, and made a special study of the Kindergartens established in Hamburg, Berlin, and Dresden, by Froebel himself, and his most distinguished scholars. This study has more and more confirmed the conviction I derived from reading Froebel's Essay on the Education of the Human Race; viz., that no greater benefit could be conferred on our country, than the far and wide spread of Kindergartens, as an underpinning, so to say, of our noble public-school system, giving adequate moral foundation, thoroughness, and practicality to the national education. But I also learned that no book could be written that would make an expert Kindergartner. It was the careful observations and earnest experiments of half a century, that gave to Froebel himself that profound knowledge of childhood which enabled him to formulate the principles, deduce the rules, and call forth the spirit of a genuine art of education. But though no genius and industry less than his own could have originated this art, any soundly cultured, intelligent, genial-tempered young woman, who loves children, can appreciate and practise it, if - and only if - she is trained by a living teacher engaged in the work at the moment. This, I myself have proved experimentally also; for my knowledge was first obtained only from books. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
