Nutrient Management in Brahmi (Bacopa monnieri L.)

By Vineeta Rathore

LAP Lambert Academic Publishing Mrz 2013, 2013.

Taschenbuch. Book Condition: Neu. 220x150x5 mm. This item is printed on demand - Print on Demand Neuware - Medicinal and Aromatic plants form a numerically large group of economically important plants which provide basic raw materials for medicines, flavors, perfumes and cosmetics. These plants and their products not only serve as valuable source of income for small holder and entrepreneurs but also help the country to earn valuable foreign exchange by way of export. This book may serve to standardize the methods of nutrient application through integrated nutrient management for important commercial medicinal plants Brahmi (Bacopa monnieri L.), used as memory enhancer and helps to achieve the highest crop yield with best nutrient management practices under less limited environment. It will be also useful to avoid the extinction of those species at their natural habitat which are over exploited by commercial medicinal plants collectors and merchants. I am reassure the readers will enjoy this work as well as find it very educative. 88 pp. Englisch.
