

The End of War

By John Horgan

McSweeney's. Paperback. Book Condition: New. Paperback. 224 pages. Dimensions: 7.4in. x 5.2in. x 0.8in. War is a fact of human nature. As long as we exist, it exists. That's how the argument goes. But longtime Scientific American writer John Horgan disagrees. Applying the scientific method to war leads Horgan to a radical conclusion: biologically speaking, we are just as likely to be peaceful as violent. War is not preordained, and furthermore, it should be thought of as a solvable, scientific problem like curing cancer. But war and cancer differ in at least one crucial way: whereas cancer is a stubborn aspect of nature, war is our creation. It's our choice whether to unmake it or not. In this compact, methodical treatise, Horgan examines dozens of examples and counterexamples discussing chimpanzees and bonobos, warring and peaceful indigenous people, World War I and Vietnam, Margaret Mead and General Sherman as he finds his way to war's complicated origins. Horgan argues for a far-reaching paradigm shift with profound implications for policy students, ethicists, military men and women, teachers, philosophers, and any engaged citizen. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.

Reviews

Very beneficial for all type of folks. It can be really intriguing through studying time. You will like how the writer publishes this ebook.

-- **Nathan Cruickshank**

Totally one of the better pdf I have at any time read through. It really is simplified but shocks within the 50 % from the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.
