Reviews

*This pdf might be well worth a study, and a lot better than other. It really is simplistic but excitement inside the fifty percent in the book. Its been printed in an exceedingly straightforward way which is just after i finished reading this ebook through which really modified me, modify the way i believe.

Motorbooks International. Paperback. Book Condition: new. BRAND NEW, The Vincent in the Barn: Great Stories of Motorcycle Archaeology, Tom Cotter, David Edwards, Every motorcyclist dreams of that magic moment when a friend or acquaintance says, "You know, I know where there's this old bike that's been sitting at the back of this garage for years." With those momentous words the hunt is launched. Too often the machine revealed is a worthless pile of hopeless rust, but sometimes, just sometimes, it's a collector's dream; a genuine classic motorcycle. Author Tom Cotter has scoured the motorcycle collector ranks to find the best "barn find" tales. From well-known collectors like Dale Walksler (Wheels Through Time Museum) and Tonight Show host Jay Leno, to motorjournalist Ken Gross, to lucky bike freaks you've never heard of but whose finds you will envy; theirs are the stories that keep the barn-find dream alive. The Vincent in the Barn offers 40 stories of motorcycle-hunting dreams come true. From Ducatis in basements to Vincents piled in sheds, Harleys in barns to British bikes mouldering behind urban garages, these are the stories that fuel every motorcyclist's motor-fantasies. Cycle World magazine tells readers, "You never know what you might find in a barn, back of a garage or under a dusty tarp. Tom Cotter continues his entertaining search for motorized treasure. " Motorcycle Classics magazine calls it "a thoroughly fun romp through a corner of the hobby most of us wish we inhabited - and swear we someday will."
