Trafford Publishing, Canada, 2008. Paperback. Book Condition: New. 251 x 175 mm. Language: English . Brand New Book ***** Print on Demand *****.The Author provides a comprehensive and profound look at how the radical liberal media and liberal Democrats continually miss-represent, refuse to discuss and may outright lie about the President of the United States and his administration and prevent them from providing a responsible government for the people. Guaranteed to amaze! From the Far-East wars and political problems to Global Warming, to the tragic moral breakdown here in the U.S. to Prescription Drugs for Seniors and the problems with Social Security and Medicare, to World Opinion, Intelligence, Education, Polls, Immigration and of course the horrendous Media Bias that has permeated our society creating a super-partisan government in Washington with constant bickering, personally degrading rhetoric and over 300 investigations. Mr. Hyland gives investigative views and the views of experts in many fields and determines what has caused these severe problems in government and the world around us. He gives many solutions that will hopefully get us out of many serious dilemmas. How polls are manipulated and are those without health insurance really the serious problem that the liberals like to point out? Is the Minimum Wage a good thing? Have Atrocities and war casualties gotten the best of you? Get the facts on these and many other serious myths over-blown by the liberals! This is a must reading for Independents and those Americans who can handle the real truth and do something about it. It s up to every American to make things right before we completely destruct!!.
