University of Missouri Press. Paperback. Book Condition: new. BRAND NEW, What the River Carries: Encounters with the Mississippi, Missouri, and Platte, Lisa Knopp, In this informed and lyrical collection of interwoven essays, Lisa Knopp explores the physical and cultural geography of the Mississippi, Missouri, and Platte, rivers she has come to understand and cherish. At the same time, she contemplates how people experience landscape, identifying three primary roles of environmental perception: the insider, the outsider, and the outsider seeking to become an insider. Viewing the waterways through these approaches, she searches for knowledge and meaning. Because Knopp was born and raised just a few blocks away, she considers the Mississippi from the perspective of a native resident, a dweller in the land. She revisits places she has long known: Nauvoo, Illinois, the site of two nineteenth-century utopias, one Mormon, one Icarian; Muscatine, Iowa, once the world's largest manufacturer of pearl (mussel shell) buttons; and the mysterious prehistoric bird- and bear-shaped effigy mounds of northeastern Iowa. On a downriver trip between the Twin Cities and St. Louis, she meditates on what can be found in Mississippi river water state lines, dissolved oxygen, smallmouth bass, corpses, family history, wrecked steamboats, mayfly nymphs, toxic perfluorinated chemicals, philosophies. Knopp first encountered the Missouri as a tourist and became acquainted with it through literary and historical documents, as well as stories told by longtime residents. Her journey includes stops at Fort Bellefontaine, where Lewis and Clark first slept on their sojourn to the Pacific; Little Dixie, Missouri's slaveholding, hemp-growing region, as revealed through the life of Jesse James's mother; Fort Randall Dam and Lake Francis Case, the construction of which destroyed White Swan on the Yankton Sioux Reservation; and places that produced unique musical responses to the river, including Native American courting flutes, indie...
